

In Commemoration of 365 years of St. John the Baptist Church – Pilerne

Parish Youth of Pilerne Presents

Ganvcho Sao Joao

The clouds in the overcast sky bring big news! It's time for sowing seeds. Low rumbles of thunder are heard in the distant and strong gusts of winds blow bringing in the first showers of rain heralding the Monsoon Season.

As this magical monsoon season ends there is greenery everywhere, the wells are full paving the way to the festive season of Sao Joao! We celebrate the LEAP OF JOY of ST. JOHN THE BAPTIST in his mother's WOMB...by jumping into the wells, streams and rivers.

Most of the Goans on this day are seen with colourful "Kopels" on their heads dancing to the beat of the "Gummot"

Interestingly every village has its own tradition and unique way of celebrating this festival.

So as a Parish let's come together to portray this uniqueness through your original compositions bringing out the meaningful essence of this beautiful tradition of your village as we present our "GANVCHO SAO JOAO!"
